

CCH Auxiliary Breast Cancer Comfort Care Fund was established in 2011 to assist Breast Cancer Patients in our community with “extra comfort items” that may not be covered by insurance or if the patient is uninsured or financially stressed.

Some examples of comfort items are; head coverings including caps, scarves, hats, and wigs. Also, comfort pillows, special makeup, mastectomy bras and breast prosthesis, compression garments for breast cancer patients with lymphedema (an accumulation of lymph fluid in the layers of skin that cause persistent swelling in the arm and /or breast).

Our Auxiliary is able to do this through special fundraisers and donations received “marked for: Breast Cancer Patients Comfort Care Fund”. 100% of the donations will be used for “comfort care items”. For more information contact us via our [website contact page](#).

Millions of women are surviving breast cancer today thanks to improvements in treatment and early detection.

Breast cancer is the most common cancer among women in the United States, other than skin cancer. It is the second leading cause of cancer death in women, after lung cancer.

Whether you're worried about developing breast cancer or making decisions about treatment or trying to stay well after treatment or wish to join a support group.....
